TREATMENT
DISCOVERY

WORKING TOGETHER:

Effective waste management necessitates cooperation and knowledge exchange to guarantee mutual success.

Allow us to introduce the **WASTE STATUS DECLARATION**, designed to uphold the reliability and accuracy of customer records, in compliance with regulatory requirements.

Your cooperation is highly valued. For any assistance or guidance needed, please don't hesitate to reach out to us at support@eiravato.com.

On behalf of your customer, we have forwarded a Waste Status Declaration LINK. Please open this link. This link is valid for 7 days. Should your link after 7 days display as INVALID TOKEN, please contact us, where we will issue a fresh one.

Copy & Paste to link

1

Déclaration: You will be presented with predictive text. If you are satisfied with this text, leave as presented. You can change this text to meet your requirement by deleting existing text, then adding yours.

2 Materials: At each material line, click # to activate.

4 If you know the FINAL treatment code, please use the dropdown to assign.

Veuillez confirmer la panne en fin de vie *

#	Matériel	Preparation for reuse	Recycling	Energy Recovery	Other	Incineration	Landfill	Total	Final R/D Treatment Code
<input checked="" type="checkbox"/>	Boues ultrafiltration CUVGUV [13.05.07*]	0 %	100 % SELECT R SELECT R	0 %	0 %	0 %	0 %	100%	Select RD Code
<input checked="" type="checkbox"/>	Poudres d'aspirations PROCHI	0 %	0 %	100 % SELECT R SELECT R	0 %	0 %	0 %	100%	Select RD Code

3 Please review the table. Choose a treatment type for each material, then use the select dropdown to assign and R or D code. Should there be more than one code, please select both dropdowns. If a material have more than one treatment type, you can select more (example Recycling + Energy Recovery). It is important to ensure when mixed treatments that the material line totals 100%.

I validate that based on the information available to me, it is estimated that all above materials meet criteria of Zero Waste to Landfill declaration.

First Name: ⓘ

Last Name: ⓘ

Position: ⓘ

5

We request that you assign your first and last name as well as you position. This will help connect your customer to you, should they have any questions.

Your signature: ⓘ

J. KEMPER

6

We then request that you provide an e-signature (or initials). If you are not satisfied with your signature, simply click on CLEAR SIGNATURE to resent.

When satisfied, click SAVE where your declaration will be sent to your customer.
